## Notes

Please list your child's extra-curricular interests, or any other information that you would like to submit in support of this application.

Henry is interested in baseball, ice hockey, reading, and science. Henry has played on recreational baseball teams since he was five years old, and regularly attends baseball skills camp during the summer. His favorite team is the San Francisco Giants. Recently he has become interested in ice hockey

and attends a peewee hockey league practice twice weekly. His favorite authors are Roald Dahl and Shel Silverstein, and he is also very interested in science. He frequently requests visits to the San Francisco Exploratorium and other science museums.

### **Admissions Office Notes**

Henry seems like an outgoing child. During the interview he was very talkative, not shy at all! He should fit in great with the other boys in Mrs. Bradley's class!

According to previous teachers, he has a bit of trouble with spelling and handwriting.
